

Our leading program is here to help your company stay safe, secure and solved!

PROTECT YOUR E&O

Reduce potential E&O claims by offering your clients CyberSolved, even if they have not requested Cyber coverage most businesses are at risk.

CREATE A SOLUTION

Solve your clients data & online exposures. Being proactive in sharing these risks they feel more secure with your advice.

ACCOUNT MANAGEMENT

Selling superior coverage helps retain clients, offer Cyber before they get a quote from an additional source.

Coverages Available

- Priced as low as \$775 for \$1 million limit.
 BOP endorsements are much more expensive per \$1,000 of coverage.
- Full, prior acts coverage regardless of any prior or current insurance
- Always primary for breach costs regardless of other insurances
- Ability to quote insureds without MFA
- 24/7/365 Pre and post-breach risk management

Why Not BOP?

- Most "standard" market Cyber BOP "add-on endorsements" can be deficient.
- Inadequate limits, sometimes as low as \$25,000. The cost associated with a breach will exceed this threshold in most breach scenarios. Maximum possible loss is \$200 per record in their possession.
- Lack of First Party coverage included in many cyber add-on endorsements
